RoHS2 Certificate of Compliance

ACE electronics NV hereby declares and certifies that all assemblies and subassemblies, manufactured under the Leadfree Program (a), are RoHS2 compliant according to the definitions and restrictions given by The European Parliament, RoHS2 Directive 2011/65/EU, on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

All RoHS2 compliant assemblies and subassemblies do not exceed the maximum limit for the following 10 designated substances:

- 1 **Lead (Pb) : 0,1%**
- 2 **Mercury (Hg) : 0,1%**
- 3 **Cadmium (Cd) : 0,01%**
- 4 **Hexavalent Chromium (Cr+6) : 0,1%**
- 5 **PolyBrominated Biphenyls (PBB) : 0,1%**
- 6 **PolyBrominated Diphenyl Ethers (PBDE) : 0,1%**
- 7 **Hexabromocyclododecane (HBCDD)**
- 8 **Diisobutyl phthalate (DIBP) 0,1%**
- 9 **Bis (2-ethylhexyl) phthalate (DEHP)**
- 10 **Butyl benzyl phthalate (BPP)**
- 11 **Dibutyl phthalate (DBP)**

A maximum concentration of above percentages by weight in homogenous materials will be tolerated.

- (a) Parts are typically marked with a green production label or a "PBF"-suffix or a label marked "RoHS Compliant"
